SUMIT KUMAR KASHYAP

(+91) 9693148042 — sumitkashyap83503@gmail.com

Objective

I am an aspiring software developer eager to secure a position where I can apply my programming skills, develop industry-relevant knowledge, and contribute meaningfully to a professional organization. I am passionate about problem-solving, learning new technologies, and continuously improving my coding abilities.

Education

Bachelor of Computer Applications, Arka Jain University, Gamharia, Saraikela Kharsawa, Jharkhand — 2023 - 2026
7.76 CGPA

Intermediate of Commerce, Abdul Bari Memorial College Jamshedpur, Jharkhand — 2021 – 2023
75.6%

Matriculation, Ramakrishna Mission High School, Indranagar, Telco Jamshedpur, Jharkhand — 2021
84%

TALLY, Sharp Computer Education, Baridih, Jamshedpur, Jharkhand — 2022
Distinction

Projects

Chess Game — Personal Project

- Developed a fully functional chess game using Java, implementing game logic and rules for an 8×8 grid.
- Implemented strategy-based rules for both players with unique pieces.
- Added move validation, check and checkmate detection algorithms.
- Designed a simple yet interactive user interface for better game play experience.
- Ensured code modularity and maintain ability through object-oriented principles.
- Focused on algorithmic problem-solving to simulate real-world chess rules.

Pac-Man Game — Personal Project

- Built a maze-based arcade game inspired by Pac-Man using Python.
- Created dynamic maze generation for better replay ability.
- Implemented smooth player movement and ghost AI for realistic game experience.
- Added scoring system, levels, and power-ups for engaging game play.
- Optimized game loop for performance using efficient event handling.
- Applied object-oriented programming principles for structured code.

Technical Skills

Languages: HTML, CSS, Java, Python
Tools: Basic IDEs, Debugging Tools
Core Skills: Problem Solving, Game Development Logic, Communication Skills, Decision Making

Extracurricular Activities

Hack Horizon – Tech Fest

- Participated in Hack Horizon coding competition, showcasing logic building and collaboration.
- Designed and implemented small projects under time constraints.
